Teams across Washington, DC, from Capitol Hill to Logan Circle, plus the surrounding DMV.

WHAT WE DO

Cleaning that runs on your schedule, not ours.

We run recurring commercial and office cleaning on whatever schedule the space needs: nightly, a few times a week, weekly, or every other week. We clean offices, professional-services suites, and retail and common areas.

Refresh Routine is the coordination and quality layer. We work with vetted, background-checked cleaner teams, and we own the scheduling, the quality, and the single point of contact, so you call one person and that person handles it. That person is Daniel, who runs the business with his team. If something is wrong, he makes sure it gets fixed.

WHERE WE WORK

The DC markets our teams operate in.

Our commercial teams are based in and around Washington, DC, from Capitol Hill to Logan Circle, with regular coverage across the surrounding DMV, including Northern Virginia. If your business has more than one location in the district, one point of contact can run cleaning across all of them.

PROOF AND REFERENCES

The honest version of what stands behind the work.

An owner-operator with 10+ properties across DC and Northern Virginia runs her entire portfolio through us. We also clean 3 McGaheysville properties for Techvestor, a multi-state STR operator. A multi-property owner does not keep handing you units unless the last clean was right.

What clients say:

"Both times went above and beyond to correct things that were not up to their standards. I've used other Turno cleaners almost exclusively so the fact that they have standards higher than some of the best cleaners out there tells you everything you need to know."

Host in Schuyler, VA

"She stayed until every room and every corner was spotless. She even cleaned the patio and the windows which I did not expect."

The fastest way to start is a short walk-through of your space, or a call if that is easier. No pitch, no pressure. We will look at the space, talk through frequency, and put a number in front of you.
